

SLOCOMB WINS CHAMPIONSHIP

In a one-sided affair, Slocomb shut out Geneva yesterday, and put over 10 tallies herself, thereby winning the championship of the Geneva County League. Anticipating a baseball battle royal, a large number of Dothan fans, realizing that the baseball season must end soon, motored to Slocomb to witness the game.

Oscar Baker twirled for Geneva, while Graham, an Ex-Southern Leaguer, did the receiving. Tubby Price tossed them over for the home team, with Ollie Attridge catching.

It did not take the Slocomb team long to get on to Baker, and the way they hit the ball was caution. Fred Chambers, former player on the Dothan team, got a home run off Baker, as did Price with two on.

The centerfield fence is entirely too close, and most any kind of a long fly to center is good for a homer. It looks like Slocomb would have that fence taken down or moved back. Some work is also badly needed in the outfield. The infield is in good condition.

The Geneva ball team was clearly outclassed by the Slocomb team.

Batteries: for Slocomb, Price and Attridge; for Geneva, Baker, Paige and Graham.

LOOK WHO'S HERE

Covington Politics.

Judge R. H. Jones of Andalusia, who is incidentally chairman of the Democratic Executive Committee of his county, was in Dothan today and called at the office of Judge H. A. Pearce. He told of two contracts being let to build one court house at Andalusia. Judge Jones smiled. Being an astute man, and knowing the intricacies of politics, the judge refrained from giving an opinion on how, when and why the wrangle will be settled.

Pig Visits Dothan.

A black pig, hardly old enough to be called a hog, passed through Dothan yesterday, being in the custody of three men, charged with stealing aforementioned pig in Henry county. Marshal Sam Davis of Headland got on the trail, and followed the procession to Dothan, where he was joined by Chief Deputy Sheriff Aleck May. The trio and pig were overtaken several miles from town on the Campbellton road, and turned over to the Henry county authorities. It is reported that the pig was following the trio, and one of the men said: "Let's take him—it's good luck to steal a pig." Subsequent results proved the fallacy of this saying.

May in Elba.

Chief Deputy Sheriff Aleck May was in Elba yesterday at noon, and says it was difficult to obtain any definite information as to who won in the recent election in coffee county for representative. Chamber or Baker, it

The election will be contested, whichever way the pendulum swings. Enterprise is making an effort to obtain a new court house, which is being opposed by the Elba faction. The row has caused much bitterness in political circles, and is said to be far from settled.

Like Senate Bill.

"The bill passed by the Senate appropriating \$500,000 to the common schools of the State is a mighty fine measure, and I hope it will be adopted by the legislature," said County Superintendent of Education John M. Odom today. He believes that the measure, if passed by both houses, will be of great benefit to the educational movement in Alabama.

May Organize Post.

E. E. Wheatley, a Dothan traveling man, believes that there should be a local post of the Travelers Protective Association, and this opinion is no doubt shared by many traveling men who make Dothan their headquarters. In an interview today Mr. Wheatley cited the fact that Birmingham, Montgomery, Selma, Albany, Ga., and other towns, have Posts, then why not Dothan? "In case a Chamber of Commerce is organized," said Mr. Wheatley, "I would be very glad to offer my assistance in the organization of a Dothan Post of the Travelers Protective Association." Then he pointed out some of the benefits Dothan would receive. Surely, this would bring more traveling men to Dothan, would promote fraternity feeling and would help in various other ways. This association is particularly active in the procuring of good hotel facilities and convenient railroad schedules.

Like This Section.

That he is well pleased with the prospects offered in Houston county for farmers, is the statement of W. R. Sherman, of Buffalo, Chambers county, Ala., who says he is going to move to this county and raise cattle for the packing houses, as well as engage in the production of food stuffs. He never mentioned cotton in his letter to Mr. L. E. Morgan. Mr. Chambers, accompanied by thirteen of his neighbors, made a tour of this section recently, and was so greatly impressed that he has decided to become a citizen. He says that several of his friends will probably do likewise.

Mr. and Mrs. Leslie Champion have returned from their old home at Willacoochee, Ga., where they went to pack their household belongings preparatory to coming back to the old folks at home. This good family will be located in Ashford some time within the next week, and in behalf of the citizens of Ashford we extend to Mr. and Mrs. Champion a hearty welcome.

Messrs. Eugene Pate, L. E. Buckhalt, Eldridge Dupree and Carlton Ingram returned last night from a fishing trip to Ochee pond and report a most liberal catch.

Mayor Radney and family returned home yesterday, from Colquitt, Ga., where they visited the mayor's brother, Mr. Emmett Radney.

All Ashford citizens who take city water are hereby warned by Chief McIntyre that after the 15th of this month all water delinquents will be denied the further use of the city water and the hydrants of such parties will be promptly shut off.

Messrs. V. C. Bruner, S. A. Jordan, H. J. Ellis and Frank Gilstrap went to Slocomb yesterday. They report good crops in the Slocomb section, and, though somewhat reluctantly, they admit that Slocomb is a fairly good town.

Several car loads of cattle passed through on the A. C. L. railroad yesterday, a further evidence of hard times and high beef.

C. C. McIntyre and C. M. Yon were out of town visitors last night.

Our friend, O. M. Holman has spent the week in Sigma and reports trade in the livestock business as being excellent.

Our friend, R. L. Cheshire seems badly worried over a little tire trouble that he had out at Cedar Springs some nights ago. The boys, just for fun, punctured friend Cheshire's tires in several places, and his liver being out of order and naturally being no man to take a joke, he grew hostile over the matter and gave Mr. C. M. Yon a free ride to the scene of the joke. Whereupon, Yon, realizing that the whole matter was intended as fun, promptly returned home.

CANDLER HERE; LIKES DOTHAN

Asa G. Candler, Atlanta capitalist, newly elected president of the Atlanta & St. Andrews Bay Railway company, E. R. Stephenson, Attorney Thompson of Atlanta, General Manager Ben Steele and Superintendent Grier wold, passed through Dothan yesterday afternoon, after a visit to Panama City, Fla., and the Bay country.

The members of the party were tendered an automobile ride over the city and surrounding territory, and were generous in their praise of this city and adjacent farm lands.

It is believed that the Bay Line road will eventually be extended, although Mr. Candler had nothing definite to give out along this line. This was an initiatory trip over the road, in order to enable Mr. Candler to acquaint himself with existing conditions.

PENSACOLA, FLA., CHANGES DATES

Pensacola, Fla., has changed her dates for the fair there this fall, which will be immediately after the Dothan Fair, under the new arrangements. without making any arrests. He informs us that it is no trouble to get the evidence against those valiants of the Cedar Springs section, but that he is naturally opposed to punishing a fellow who just for fun punctured a few automobile tires.

Mr. W. A. Ganey and Mr. R. L. Kirkland are managers in the arrangement of the Bush Bros. furniture stock. Both of these gentlemen are past masters in this line of work, and when completed we have no doubt that the superb display will far exceed any furniture showing that has ever been placed in Ashford.

Rev. Lumpkin, who has been in Opp for the past several days, is expected home tomorrow.

We learn with considerable regret that Mr. and Mrs. J. C. Barber will move to Dothan in a few days. Mr. Barber is one of the most versatile automobile men in this section and we learn that he will be engaged in the automobile business in Dothan.

Mr. and Mrs. Burt Fellows made this office a most welcome call yesterday.

NEGRO BOY KILLS MOTHER

Mistaking his mother for a burglar or some one who had no business on the premises, Leslie Cummings, a 14-year-old negro boy, shot and killed Della Cochran, last night at their home, 150 High street.

The boy, when taken to the city jail, made the following statement to Officers Daugherty and Hart:

His mother, after supper, had gone to a neighbor's house, Laura Wright's, and had left him at home alone. Some time later a man came to the door and asked who lived there. The boy told him, when the man said he wanted to come in. The boy became scared, and ran to a trunk and got a pistol and fired it out an open window. A few minutes later a noise was heard at a party's open door and the boy ran to this door, poked his pistol out of it and fired. He later learned that the noise was made by his mother returning home to see about the first shot fired out of the window. The bullet entered the negro woman's mouth and she died in a few minutes afterward.

The negro boy seems heartbroken over the affair and the police believe his story.

Leslie Cummings was released by the police today, the officers being convinced that the killing was purely accidental. J. H. Egan, for whom the negro boy works, speaks well of him.

LETTER GETS MAN IN JAIL

Will C. Floyd, age about 15, who is from Geneva county, was arraigned before Federal Commissioner C. S. Tutwiler today on a charge of sending obscene matter through the mails. Upon his failure to make bond, he was remanded to the county jail.

Floyd, it is charged, wrote a letter to a girl, who is his first cousin, and in that letter it is claimed he used obscene language. It would seem that Floyd liked his attractive cousin very well, and became jealous of the attentions of other young men. Recently, Floyd is said to have been mixed up in a difficulty in which he shot four times at another party, the row occurring in a dispute about fishing or fishing nets. Floyd was serving out a sentence when arrested by Deputy Marshal Fred Shotton and brought to Dothan.

Eddie Ware, better known as "Tank," was fined \$5.00 in Mayor's court today on a charge of pouring water on another wagon, and was also fined \$5.00 for failing to pay his street tax. Several other cases were disposed of.

The question of why the British French and Belgian troops have not tried to help Russia by an advance in the west is easily answered. They see no reason to waste their soldiers. WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time" says Mrs. Jennie Sharp, of this place, "I wished I could die and be relieved of my suffering from womanly troubles. I could not get up, without peeling at something to help me, and stayed in bed most of the time. I could not do my housework."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable woman, who feels as if everything were wrong, and needs something to quiet her nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly troubles, take Cardui. It will help you. At all druggists.

Rev. G. K. Williams, Pastor.

William F. Carey, former president of the United States Steel Co., has returned from a four months' visit to France with the information that the allies are preparing for a final war for three more years of fighting if necessary. Evidently they do not expect to lose at all. Hence they are tending every effort to get men and munitions in sufficient quantities to fight as long as they have to, and are not setting any maximum limit upon the war's duration. The chief impression of the war received by Mr. Carey was that it is a war of chemistry and mechanics and there is no doubt that he has accurately described it. And because it is so, the great armies facing each other in the western area are practically in a deadlock. Neither can advance more than a few yards at a time. Any progress that is made must be very slow. Tennessee's "Half a League, half a League, half a League onward" has almost become in this war "half an inch, half an inch, half an inch onward." A military authority is quoted in a dispatch from Paris as saying that nonusers are in

GOOD WILL

We consider good will our greatest asset. We prize good will so highly that we try to train all our assistants, from the delivery boys to the head assistants, to reflect the personality of the owners of our store. To hold and increase this good will we know we must give maximum value, maximum service and most correct style accepted by the best American authorities. As to value, our New York buying connections enable us to offer as good values as any house any where.

As to service, we are careful in employing our help from bottom to top, and any discourteous act or speech on account of thoughtlessness of our assistants hurt us to the core, and call forth advise and correction that will prevent its happening again.

As to style, a life long experience and environment have taught us how to select the good from the bad.

There is a reason why we are always from one to five moths ahead of other stores in this section.

In addition to the cold business facts—this store has a real breathing conscience, and this within itself, is responsible for our good will being so valuable.

In all of its aspects, the store with a real conscience, everything else being equal, is the store to tie your business to.

APPEAL FROM THE SALVATION ARMY

We are very much in need of clothes. The ladies in the city may have some second hand clothing that they may not or will not use. The merchants I thought may have some shop worn clothing that they will donate to us. We will distribute them to the needy.

VACATION.

By Ralph M. Thompson
Although aware when summer comes,
That you, the partner of my breast,
With whom I'd share the last few crumbs,
Are going off, somewhere, to rest;—

And notwithstanding that repose
May do your weary body good,
After your fight against all foes,
After the cares you have withstood,—

It seems, while we for many a year
Have walked together on this loam,
I cannot grow accustomed, dear,
To having you away from home.
